

RINA SALAMI MAGAR

QA Intern

📞 9812415669 ✉ rinasalamimagar@gmail.com 🌐 [linkedin.com/in/rina-magar](https://www.linkedin.com/in/rina-magar)

Summary

Motivated Computer Engineering graduate with a strong interest in Quality Assurance. Hands-on experience in manual testing, test case generation, defect identification, and understanding the SDLC process through academic projects and practice sites like SauceDemo. Analytical skills with a technical background in web development, SQL, and Python, allowing for effective teamwork with developers.

Skills

QA Skills: Manual Testing, Test Case Writing, Bug Reporting & Reproduction Steps, SDLC & STLC Basics, Functional & UI Testing

Programming & Querying: SQL, Python, C, C++

Web Technologies: HTML, CSS, JavaScript

Version Control: Git

Projects

Book Site | *HTML, CSS, JavaScript, PHP*

Mar 2024 – Apr 2024

- Developed a responsive web application with user-friendly UI components.
- Performed manual testing on forms, navigation, and UI elements.
- Identified usability issues and verified fixes during development.

Movie Recommendation System | *Python, Jupyter Notebook*

Jun 2024 – Aug 2024

- Built a content-based movie recommendation system using cosine similarity.
- Applied text vectorization techniques to process movie metadata.
- Improved understanding of data preprocessing and NLP concepts.

Manual Testing Practice – SauceDemo

- Created and executed test cases for login, product listing, cart, and checkout modules.
- Reported functional and UI defects with clear steps to reproduce.
- Performed positive and negative testing scenarios.

Education

Bachelor of Computer Engineering

2025

Everest Engineering College, Sanepa, Lalitpur

Higher Secondary Education

2020

Adarsh Secondary School, Nepalgunj

Secondary Education Examination

2018

DreamLand E.M High School, Banke
